PROFILE

MSc Business Analytics student at Dublin City University, with prior experience in business intelligence, sales, and project management across Germany, Poland, and Ireland. Comfortable taking analytics work from end to end; data cleaning, forecasting, and machine learning through to Power BI dashboards and recommendations non-technical teams can act on. Fluent in English, German, and Korean.

EDUCATION

Dublin City University

Dublin, Ireland

SELECTED PROJECTS

Predictive Inventory Optimisation (In progress)

August, 2026

- *Agvance & Animal Farmacy* Python, Power BI, Shopify, Streamlit, etc.
 - Built a demand-forecasting and inventory-optimisation dashboard covering around 450 SKUs for two firms sharing a warehouse, following the CRISP-DM process.
 - Compared statistical and deep-learning forecasting methods (ARIMA, LSTM), including intermittent-demand cases, grounded in a PRISMA-based systematic literature review.
 - Delivered the output as a Power BI dashboard for warehouse and purchasing staff.

LLM Sentiment Analysis

April, 2026

- *Comparative analysis of two LLM models* Python, Machine Learning
 - Fine-tuned and benchmarked a BERT model against a Gemma model for sentiment classification, running the full pipeline locally.

Fraud Detection Dashboard

November, 2025

- *Coursework Project* Power BI, Excel, SQL
 - Designed an interactive Power BI dashboard to surface and visualise patterns in transaction data.

PROFESSIONAL EXPERIENCE

LS Cable & System

Dzierżonów, Poland

March 2023 - June 2023

- *Sales Representative DACH Region, Sales*
 - Handled fibre-optic cable sales across Germany, Austria, and Switzerland, acting as the main English- and German-speaking contact for customers.
 - Prepared pricing offers, resolved technical and commercial queries, and built relationships with multiple accounts.

TE Connectivity Ltd.

Bensheim, Germany

August 2022 - January 2023

- *Working Student, Business Intelligence Analyst, Marketing*
 - Analysed competitor, customer, and market data to support product managers, sales, and strategy teams.
 - Built Power BI and Excel dashboards that turned raw data into visual market insights, and maintained the internal market-insights website.

TE Connectivity Ltd.

Bensheim, Germany

February 2022 - July 2022

- *Project Management Execution Excellence Intern, Project Management*
 - Supported internal and external projects using agile methods.
 - Organised and helped deliver several PMP and project-management training sessions.
 - Contributed to building an online project-management training platform.
